

# JO LOVEDAY

Jo Loveday is the award winning author behind the thrillers that keep you up way past your bedtime, with just enough romance to make things interesting. She loves diving into concealed secrets with themes of integrity, morality, and the mysterious stuff that goes on in our heads. With a background as a registered nurse, Jo brings a whole lot of compassion and medical know-how to her writing, giving you an authentic peek into the human condition. When Jo picks up her pen, she takes you on a wild ride through suspense and intrigue, with moral dilemmas and hidden truths lurking around every corner. She strives for captivating storytelling that will open your heart and mind for a long time after you've turned the last page.

Born in the frosty tundra of Winnipeg, Canada, Jo decided she'd had enough of freezing her tail off. Landing a job offer in Florida, she made a beeline for balmy weather. Now she's spinning spellbinding novels, penning heartfelt poetry, and occasionally creating some hilariously bad artwork lakeside with an undocumented number of alligators.

## Reviews

**"A prescription for suspense: where medicine meets malevolence."**

-Deborah Shlian MD, award winning author thriller *Silent Survivor*, and *Lessons Learned: Stories From women Leaders in STEM*.

**"Author Jo Loveday brings to life her real-world hospital experience in crafting this realistic medical thriller. Love, betrayal, and moral conflicts are woven into the plot and characters as nurse-turned-amateur-sleuth, Ariel Savin, is unwittingly framed for a Recovery Room accident. The deeper she digs into the privately funded neuro unit at her hospital, and the closer she gets to the truth, the more her own life is imperiled. Fans of Robin Cook's blockbuster, *Coma*, have a new heroine to route for."**

-Victor Acquista MD, *award-winning Venom and Flame* series author.

## Terminal Lucidity – a Medical Thriller

**A nurse fights to expose a sinister conspiracy in the hospital neuro unit where patients' minds are reprogrammed and their lives sacrificed for profit.**

*First, do no harm...* A deadly storm is brewing off the sultry coast of Florida and within the sterile walls of Palm Beach County's Becham Hospital. Nurse Ariel Savin thrives in the demanding world of critical care, but on an assignment to the neurological unit, she discovers a horrifying secret: esteemed neurosurgeon Dr. Harold Goss is performing questionable experiments on his helpless patients, trapping them as living cadavers in a shadowy half-world between life and death.

Goss built his neurological unit for research in brain stem regeneration to save the life of his brain-dead wife. But funding for Goss's noble quest has dried up. Dark investors step in with a plan to commodify human consciousness, trading lives for profit. They're demanding more bodies. It's up to Goss to provide them. He's not about to let Ariel or ethical dilemmas get in his way.

Falsely accused of causing a patient's brain death, Ariel's reputation is in shambles. Her father's life hangs by a thread and her partner is unwittingly tangled in a web of deceit. Ariel faces a whirlwind of betrayal and loss as a hurricane draws closer. She's in a harrowing race against time to outwit death and unravel the truth. Her next breath is not guaranteed. Can Ariel outwit sinister predators and thwart a medical massacre, or will the oncoming storm demolish all hope for love and justice?
